Viacheslav Kastierov

.Net developer

Summary of Qualifications	A highly motivated student, interested learning new technologies. Hardworking, frank and enquiring. I am looking for place where my team for work will be my second family. As a pupil, I inclined to believe that it is an essential part of IT to understand and support each other during education.

Skills	

Programming:

- C#/ASP.NET core (+MVC)/basic Windows Forms
- HTML/CSS/JS/React TS
- SQL

Database:

- Sqlite
- PhpMyAdmin
- Oracle
- MongoDB
- MS SQL
- DynamoDB

Special skills:

- Googling

Frameworks:

- .Net framework
- LINQ
- Entity Framework

Development:

- Visual Studio 2022
- GitHub
- MS SQL Management studio
- Oracle Enterprise Manager
- Visual Studio Code
- Sublime Text
- Swagger
- Postman

Web Services:

- Amazon Web Services

Experience / IT related educational practice	Participated in the development of the project for the historical platform of Ukraine. The project is called StreetCode and you can learn more about it here https://github.com/ita-social-projects/StreetCode. I worked as a .Net developer for the server side and used React TS to work with the client side. Commercial experience in Softserve company.
	I have some experience in creating telegram bots due to the Telegram API and using such database as DynamoDb. The code could be found in my GitHub. Description of bot idea is also described in GitHub. You could add bot to any group chat and test it! Bot deployed as Lambda Serverless Application on AWS.
	Have an experience in startup project application for dating. I was creating animations for web and mobile application.
	Participated in Epam's IT marathon using technologies such as AWS, DynamoDb, S3 bucket, Angular, ASP.NET MVC and minimal API.

Languages	Ukrainian - native
	Russian – native
	English – B2 (upper-intermediate)

Education	Three-year student, Dnipro University of Technology, Faculty of Information Technology. Years of education: 2020-2024
	Exchange student, University of Tartu, Computer Science Years of education: 2022-2023
